

November 2, 2015

Dear Members of the Davidson County delegation of the 109th Tennessee General Assembly,

Thank you for your continued service to Middle Tennessee and your support of the Metropolitan Nashville Airport Authority (MNAA).

MNAA continues to find innovative ways to move forward and bring the spirit of Music City to travelers at John C. Tune Airport (JWN) and Nashville International Airport (BNA). From new nonstop services to pioneering sustainability initiatives, we're constantly working to enhance the Nashville Airports Experience.

We recently broke ground on an unprecedented and internationally noteworthy project that will harness a former 43-acre rock quarry to cool the airport terminal, saving more than \$430,000 in energy costs each year. [BNA's geothermal lake plate cooling system will be the largest of its kind in North America and possibly the world.](#) It has been incredible to watch the creativity and expertise of our sustainability team in bringing this project to life—one that places us, once again, at the forefront of the airport industry.

Over the past months, we've also:

- [Unveiled new solar-powered electric vehicle charging stations in the Short Term Parking Garage at BNA;](#)
- [Welcomed Alaska Airlines with a gate party and ceremony for the inaugural flight from BNA to Seattle;](#)
- [Begun nonstop service to Indianapolis through OneJet,](#) and;
- [Celebrated the grand re-opening of JWN with a ribbon-cutting ceremony after a 60-day closure for major runway and terminal reconstruction and safety projects.](#)

As we all know, Nashville and BNA are breaking records each day, week and month. With every new project and program, we strengthen our position as a leading airport across the U.S. and the world and better serve our customers in this region.

Below is a summary of MNAA's operating activities for the first quarter of fiscal year 2016. Thank you again for your support and interest. If you have any questions or if there's anything I can do for you, please do not hesitate to contact me at [Rob\\_Wigington@nashintl.com](mailto:Rob_Wigington@nashintl.com).

Best regards,

Robert R. Wigington  
President and CEO  
Metropolitan Nashville Airport Authority

Juli H. Mosley, P.E.  
Chair  
Metropolitan Nashville Airport Authority  
Board of Commissioners
