SCOPE, DESCRIPTION & SITE CONDITIONS

SCOPE OF OPPORTUNITY: This opportunity consists of the undertaking of leasing and development of available MNAA property owned by the Nashville International airport for Non-Aviation Use.

DESCRIPTION OF PREMISES: The available tract consists of approximately 75 acres, “L” shaped, vacant tract of land located south of Dell Campus, west of Airpark Center Business Park and Donelson Pike, north of Harding Place and McGavock Pike, and east of Runway 2C-2.

SITE CONDITIONS: The available parcel shall be delivered in “as is” condition, including, without limitation, any existing utility and/or aviation easements, subsurface conditions, existing structures, the presence of oil or hazardous materials, and laws, ordinances and regulations affecting the same. MNAA makes no representation or warranties of any kind, expressed or implied, in fact or in law, with respect to the condition of the parcel or any existing improvements. The area is considered well suited for development. The natural land form can be described as:

- ✈ Having moderately steep hills sloping to the southwest along unnamed tributaries of Mill Creek.
- ✈ The Mill Creek flood plain encroaches on a small portion of the southern tract encumbered by a 100-year flood plain.
- ✈ A 60’ wide NES electric powerline easement, a 20’ wide sewer utility easement, and an unnamed tributary 30’ wide stream also exists on the parcel.

RESTRICTIONS AND DESIRED IMPROVEMENTS

RESTRICTIONS ON LAND DEVELOPMENT: Non-Aviation development on Airport Property must comply with the Airport Improvement Request Manual , Airport Master Plan (AMP), Airport Layout Plan (ALP) as approved by the FAA .

The available tract is currently zoned Industrial Restrictive (IR). This area is located within the Airport Overlay District, which limits the height of all structures in accordance with standards prescribed by the Federal Aviation Administration (FAA) Regulation Part 77 (Objects Affecting Navigable Airspace).

The MNAA's Airport Improvement Request Manual is subject to change from time to time.

DESIRED IMPROVEMENTS: Interested parties shall be responsible for designing and constructing all facets of the infrastructure of any improvements or facilities to be operated by the proposer or a third party, which operation shall be determined by proposer or third party, subject to MNAA approval and the restrictions stated herein. The proposed improvements or facilities shall be sized to meet the interested parties' needs and shall be of a type and quality as approved by MNAA and that conform to State and Federal statutes. Facilities should typically be designed and constructed to provide a minimum forty (40) year useful life. The required minimum capital investment is \$30,000,000.

SALE, LEASE AND PAYMENT OF RENT

SALE, LEASE AND PAYMENT OF RENT

In accordance with grant assurance requirements of the Federal Aviation Administration (FAA), in all cases MNAA is required to receive Fair Market Value compensation for the lease of airport property. Proposers will be required to execute a lease agreement in form and substance as provided by MNAA. Compensation structure and levels to MNAA will be dependent upon the proposed use of the property involved, with said lease amounts to be negotiated between proposers and MNAA, provided however that said amounts are equal to Fair Market Value Rent at a minimum.

Until the execution of a binding agreement between the MNAA and a proposed tenant, the MNAA reserves the right to negotiate and enter into a binding agreement with other parties with respect to the subject property. The submission of an indication of interest, completed forms or other documentation by an interested party with respect to the subject property shall not, under any circumstances, create or establish any contractual or other relationship or obligation on the part of the MNAA. The MNAA shall be bound only by the terms of any documents or agreements executed by the MNAA.
