Nashville International Airport

Dear Respondents,

The Metropolitan Nashville Airport Authority (MNA) would first like to thank the respondents for their proposals and participation in this solicitation. At this time all proposals have been reviewed and the MNA has determined based on several factors that it best not to move forward with development of this parcel at this time.

Each respondent will receive a direct communication from the MNA informing them of this decision. The MNA encourages respondents to continue to propose on future opportunities at BNA and JWN including this parcel.
