VI. **Information Items**

**JWN Redevelopment Financial Analysis**

Mr. Jeff Roach, AVP, Executive Director, JWN, Ms. Traci Holton, AVP, Chief Engineer, Mr. John Corbitt, AVP, Real Estate, and Mr. Curt Castagna, President, Aeroplex, Inc., briefed the Committee on this item.

Mr. Roach reviewed the concept development areas, the redevelopment background, and progress to date.

Ms. Holton presented a map of the MNAA T-hangar development project in areas 1A, 1B, and 1C which sit on a 21-acre site to include 15 total buildings with fifty-seven 42 ft. units and forty-nine 48 ft. units, for a total of 106 units. Ms. Holton went on to discuss the construction research/progress including environmental, design, manufacturers, and a progressive design build. Ms. Holton presented the proposed redevelopment schedule beginning with the Request for Proposal advertisement in November 2020 to completed construction in July 2022. After questions and discussions, Ms. Holton concluded her presentation.

Mr. Castagna presented a map of the overall approved airport development concept breaking down each phase of development into total phase cost estimates (hard and soft costs) at today’s prices. Mr. Castagna reported the complete development could take 10-15 years, conservatively.

President Kreulen discussed the MNAA development area funding sources including the airport’s insurance proceeds, anticipated FEMA money, and BNA’s Tennessee Equity Fund. MNAA’s insurance consultant is working with different agencies for final numbers on insurance and FEMA proceeds.

After questions and lengthy discussions, Mr. Castagna discussed financial model assumptions and cost recovery rent structures.

Mr. Corbitt presented T-hangar rent history, future rental rate evaluation, and staff’s recommendation to pursue a cost recovery and future development revenue stream model.

President Kreulen concluded the presentation with a review of next steps.

This item was presented for information purposes only with no action required.
V. Adjourn

There being no further business before the GAOPE Committee, Chair Freeman adjourned the meeting at 11:31 p.m.
